

CARDINAL NEWS

VOLUME 2, NO. • 2 OCT 2018

Parents,

Thank you to everyone who has joined our PTA. The winner of the class pizza party for receiving the most memberships was Ms. Guttuso's 3rd grade class. We would also like to thank everyone who attended our Granparents' Ice Cream Social. This is always a fun night for our grandparents to enjoy time with their grandchildren while supporting our school, we truly appreciate everyone that made this another successful event.

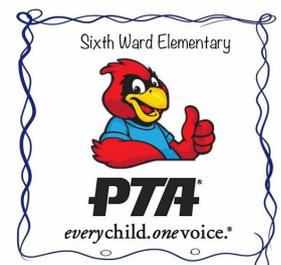

October, is going to be a busy, and exciting month! We have School Bus Safety Week, Book Fair, Red Ribbon Week, Fall Festival, along with many school give back nights. All of our upcoming school activity dates are included in this newsletter.

This year, we have started having give back nights for our school, these restaurants include; Texas Road House, Pizza Hut, Dairy Queen, and Applebees. The money raised for these events goes back into our school for, positive behavior support (such as: prizes and treats), supplies for the students and classrooms (such as: Science experiment supplies, classroom materials/resources, other student resources.) Please help us continue to support our students and school. Our school, produced \$97 from Pizza Hut and \$75 from our Dairy Queen give back nights in August. Thank you to everyone that helped make this a successful night!

Sincerely, SWE PTA

Admin. Corner

A big THANK YOU to our fabulous PTA and everyone who made our Grandparent's Night a huge success! We are so appreciative of the many grandparents who play such an important role in the lives of so many of our students. We would also like to thank all of the K-3rd grade parents who came out to our first Pancakes with Parents event to learn more about the DIBELS Assessment and how to help your student at home to become a better reader. Since this event was so well attended, we are in the process of planning more morning events for our parents and guardians to attend. Stay tuned! We are really looking forward to the month of October where we will promote being drug free and living a healthy/safe lifestyle during Red Ribbon Week Oct. 22nd-26th, and of course celebrating the Fall season with our annual Fall Fest event Oct. 31st.

WHAT'S GOING ON AT SWE?

PRE-K

Pre-k will continue their unit on Family and will explore what a family is and what family members do together. We will be starting our unit on Community and will develop an awareness of their community by learning about community workers, places in the community and the different types of communities. Pre-K will be going on their first field trip, October 18th to the St. Tammany Children's Museum in Mandeville, La.

KINDERGARTEN

Kindergarten would like to say thank you to all parents who attended Open House. We have our first upcoming field trip on Oct. 26th to Steele's Pumpkin Patch in Angie, LA. We are midway through our first unit in our reading series. The enduring understanding is that homes are important to all living things. We have been briefly reviewing the alphabet but will be moving into a study of each letter soon. In math we have covered counting objects and numbers 0-5. We will soon began studying numbers 6-10.

1ST GRADE

1st graders will be working hard during the month of October! In ELA we are focusing on "Becoming a Classroom Citizen" by reading literary and informational texts about students around the world. In Math, we will begin our next module and introduce place value through addition and subtraction within 20."

2ND GRADE

2nd grade is working on a project to be exhibited at the SWE Fair Booth for The Covington Fair. Our project is entitled "How a Plant Grows." In math we are working on Place Value. We will focus our efforts on improving our math vocabulary throughout this module. We are also continuing to work on improving Reading and Math fluency. It is important to continue to have your child read each day. In Science we are talking about animal habitats (homes) and in Social Studies we are finalizing our discussion on Communities.

WHAT'S GOING ON AT SWE?

3RD GRADE

Third Grade has been very busy learning why Louisiana is UNIQUE. First, student groups researched the different regions of Louisiana using map sources. Now, they are presenting their groups research to the class!

4TH GRADE

The 4th Grade Honor Society is collecting items for Christopher J. Howell and other troops who are currently stationed in Kuwait. Please bring any of the items listed below to Mrs. Pellittieri's room: Energy/protein bars, Gum, Baby wipes, Toothbrushes, Deodorant, Puzzle books, and Playing cards. In ELA, we are starting our final assessments for the hurricane unit we've been working on.

Please encourage your child to try their best as these assessments are challenging. Students will also be interviewing someone who has experienced Hurricane Katrina-- students will share the information they gathered in their interview with their peers.

5TH GRADE

- Students are experimenting with physical and chemical changes in science.
- Our first field trip is coming up in October. We will visit the Washington Parish Fair, where we will get to see demonstrations of Native American life, which reflects our units in social studies.
- We are looking for donations or business sponsors to help raise money for the charter buses for the 5th grade Baton Rouge trip later this year.
- We have started spending time with our PreK buddies!

PE NEWS:

During the month of October kindergarten, first, and second grade students will continue to work on their locomotor skills and tossing. Third, fourth, and fifth graders will continue with fitness testing and throwing. Please continue to encourage your child to participate and remind your child to dress appropriately for physical education every day. For comfort and safety purposes, he/she must wear tennis shoes and clothing suitable for movement (dresses and skirts should be worn with shorts underneath.) Sandals, crocs, boots, and shoes with heels can become very dangerous when moving in the gym and on the playground.

Some locomotor skills you can practice at home.

Walking: Moving with one foot on the ground at all times
Running: Sometimes both feet are in the air while traveling

Hopping: Moving up and down on one foot

Jumping: Going up and down, with both feet in the air at once; can also mean jumping off a height or jumping forward

Galloping: Traveling with one foot always in the lead

Sliding: Galloping sideways

Leaping: Jumping forward or back with one leg outstretched; taking off on one foot and landing on the other

Skipping: Alternating steps and hops

“Physical Education is not only one of the most important keys to a healthy body; it is the basis of dynamic and creative intellectual activity.” John F. Kennedy
